

## Plus Free Shipping Subscription

### What is it?

Our new shipping subscription where you can get free unlimited shipping on most of our products for just \$49 a month! Plus, we carry over 200,000 qualifying products, so you're sure to find the best deals on all the items you need. Other items that don't qualify will have discounted shipping of 20%-30%.

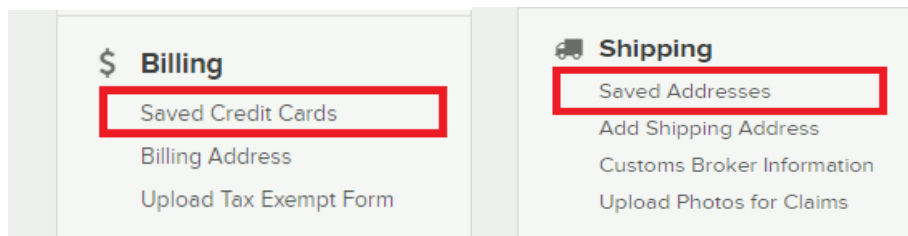

### Why do I need this?

We will be quoting each phase of your opening through my Quote team. With Plus free shipping you'll either have free or discounted shipping for your order. Typically, if there is any other shipping charge our Quote team can waive that fee when you're a Plus member.

### How does it work?

Below you will see detailed steps on how to subscribe to the program. We will start these steps once you're ready to start placing orders. This can be cancelled at any time so if you're doing ordering for a short time, no need to keep paying!

First, you'll need to have a saved credit card on file for billing purposes and a saved shipping address. Typically you're charged \$99 a month but within the Cheba Hut family you're only charged \$49 with the first month free!
