Plan it. Host it. Love it.

Plan it. Host it. Love it.

I enter 2022 with a positive spirit and mindset. I hope that is where I find you also. We at Talking Tables remain, despite the challenges around logistics and supply chains, very focused on positive things:

Both the pandemic and Christmas have shown that we all treasure time together with family and friends. So the core of what we stand for is more relevant than ever.

We have been at the forefront of removing plastic from our product; 87 per cent of our spring/summer stock will be single-use plastic free. We continue to ensure all our development is based around our 'eco manifesto'.

We submitted our membership for BCorp on a score well into the 80's and I hope by the time we meet at Spring Fair 2022, that we shall be fully accredited. This means we shall be even more engaged in supporting PEOPLE, the PLANET and you as our trading partner and part of our community in a manner that works for all of us.

We are now planting trees as a step towards carbon offsetting our paper napkin production. Each month we are planting trees in the UK, Poland and in geographies that correspond to our paper production.

We have a plan to be carbon neutral by 2030.

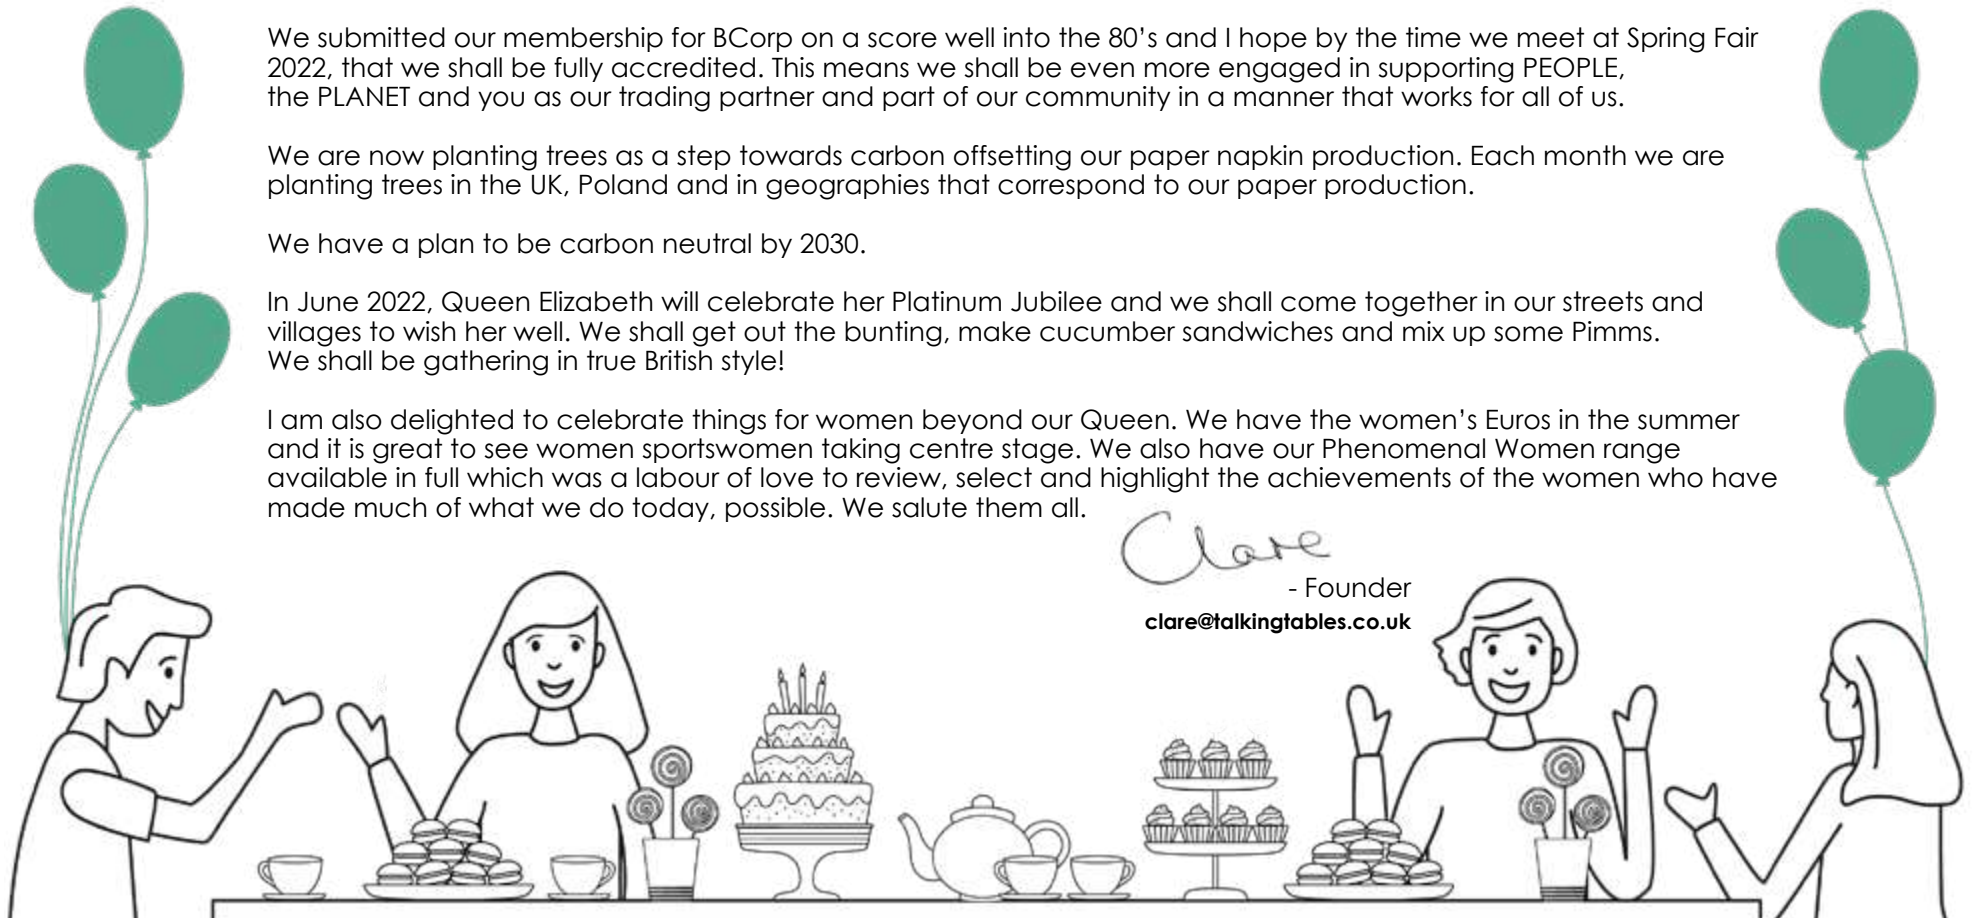

In June 2022, Queen Elizabeth will celebrate her Platinum Jubilee and we shall come together in our streets and villages to wish her well. We shall get out the bunting, make cucumber sandwiches and mix up some Pimms. We shall be gathering in true British style!

I am also delighted to celebrate things for women beyond our Queen. We have the women's Euros in the summer and it is great to see women sportswomen taking centre stage. We also have our Phenomenal Women range available in full which was a labour of love to review, select and highlight the achievements of the women who have made much of what we do today, possible. We salute them all.

Plastic waste is damaging the organisms and ecosystems within our ocean. That's why we have designed these educational kids games to be completely plastic free. We've partnered with the fish friendly charity Ocean Generation on this range with a percentage of sales donated to help them achieve their mission to tackle threats to our ocean through science and storytelling.

Phenomenal Women

Everyday we hear of more incredible women across the world accomplishing great things. As a company with a female founder and over 70% workforce we have felt inspired. Every woman was carefully selected and researched at length by the product development team and we loved learning about their incredible lives. Our in-house designer Melanie then began each illustration as a hand drawn pencil sketch before scanning the outlines in and colouring them digitally. We became so captivated by what we were discovering that we wanted to go further, and so the range grew.
