Alamo Candy	All items	They are very slow (we have eight open POs now) and have no recovery date. We have limited inventory and aren't sure when this will improve.
Coca Cola	All Mexican Products	Demand exceeds supply. No estimate on return to normal stock levels.
Ferrara	Select Brands	A few select brands such as Atomic Fireballs, Pixy Stix, and Gobstoppers are still being produced by Ferrara but are not available to our channel.
Flix / Imaginings3	Toxic Waste Energy Drink	Toxic Waste is now an energy drink. With all of the flavor (and none of the calories), this drink will keep you going with 200mg of caffeine! Product is now available!
Japanese Candy	Kusugai, Puchao, Popin Cookin	Ongoing challenges, some inventory on hand, no ETA for resolution.
Kokos	All Items, includes Icee branded items	Stock levels are much better. Only a few items are out of stock.
Leaf Brands	Astro Pops, Wacky Wafers, Tart N' Tiny's	The vendor plans to be back in stock in Summer 2024. We will give an update if things progress faster.
Mars	Skittles	Our inventory levels on Mars bulk Skittles (regular and wild berry) are very strong right now. The long-term outlook is still uncertain on those items, but we expect to fulfill any orders in the near term without an issue.
