Wild Eyes HoloSpex lenses are protected under
U.S. Patent 5,546,198 and/or U.S. Patent 6,452,699.

American Paper Optics, LLC, the creators of Holiday Specs™ (over 20,000,000 sold), deliver an amazing walk on the wild side -- Wild Eyes Animal 3D Glasses! These animalistic altering specs will create animal floating images on any point of light. Wild Eyes glasses are an ideal impulse item, perfect for retail sales at zoos, aquariums, science centers, theme parks, museums, toy stores, and gifts shops. Send your customers on a big game safari as they buy their favorite animal glasses for souvenirs, parties, gifts, educational events, and more. Your Eyes will Go Wild!

To Activate your WildEyes 3D Glasses:

- (1) Strap on your amazing WildEyes 3D Glasses.
- (2) View any direct, distant point of light--especially at night with city lights, street lights, LED lights, Fireworks, and holiday lights.
- (3) Repeat these words, "Wild! How did they do that?"
