

Something Happened.

We were stocking our warehouse when one of our original Featherstone pink flamingos was bit by a sickly warehouse pigeon. What morphed from that will chill you to the bone. These flesh-eating feathered fiends seem to only be obsessed with two things: eating brains and being adequately priced for mass consumption.

Available now at your own risk, while we search for a cure!

Black Zombie Flamingos
62363 Pair in Display Box

Approximate dimensions when inserted in ground:
Standing 15" L x 4" W x 31" H
