3D Fireworks Glasses

Celebrate America's 250th Birthday

Celebrate America with our officially licensed, amazing commemorative 3D Fireworks glasses that create eye popping rainbow effects on all fireworks. In our 35 year history, we have sold more than 300 million of these eye opening specs with their specially treated lens making the fireworks feel like they are racing at you. Great for fireworks shows, parties, festivals, laser shows, and other celebrations.

Treat your eyes to an American Birthday you will never forget!
